Philippe Guillaumet

International and European Projects Manager at Port of Marseille-Fos, France.

Doctor in Economic Sciences, Philippe Guillaumet has been hired by the Grand Port Maritime of Marseille in 2004, as responsible for the port investments in the strategy and finance direction. After this first experience, he was nominated at different functions always in relation with the building and the implementation of the Marseille-Fos Port strategy.

As responsible of the European affairs, he has highly contributed to put Marseille on the European map and as a leader port in Med. In this framework, he spent long years to convince the ports around the MED to constitute a new cooperation network. Finally, from 2018 to 2023, he has been the General Secretary of the MEDports Association, a non-profit organization gathering 25 of the largest Port Authorities in the Mediterranean area.

As international relations manager, Philippe Guillaumet steers the main promotional actions of the Port of Marseille Fos on the international scene.
