

**Name : Mohammad Reza Allahyar**

**Job Title : Co-chair of Cooperation commission of PIANC/Member of Board and deputy of engineering and port development infrastructures of Ports and Maritime Organization of Iran**

**Affiliation: PIANC/ Ports and Maritime Organization of Iran**

I have MS in coasts, ports and marine structures engineering with more than 20 years working experience in Ports and Maritime Organization of Iran (PMO). I have involved in many projects in port engineering, coastal engineering, physical oceanography, port planning, and coastal management. I have been the deputy of engineering and port infrastructures of PMO for more than 4 years.

I have 35 papers in national and international conferences or magazines in above mentioned fields. Besides, I have been member of scientific committee as well as secretary/ head of executive committee/ vice president of the biennial international conference on coasts, ports, and marine structures (ICOPMAS) from 2008.

Moreover, I am member of PIANC as well as member of International Organization committee (IOC) **International Conference on Coastal and Port Engineering in Developing Countries** ( PIANC – COPEDEC). Recently, I was elected as the co-chair of the Cooperation commission of the association.
